The Wolverine Nurseries,

G. E. PRATER JR., Proprietor,

PAW PAW, MICHIGAN.

Designed for Large Planters Only.

To Our Customers:

We wish to thank you for your liberal patronage and give you a few pointers on buying stock.

1st. Accuracy in variety. Our method of propagation are such that mistakes are almost impossible. We renew our bud stock from bearing wood annually, giving trees that bear sooner and leaves no chance to continue a possible mixture.

2nd. Reputation. Although we have been in the trade as long as any of the now operating firms in the western part of the state, do you hear the usual complaint of us, Their trees are not true to name? No! Our record for accuracy is unsurpassed by any firm in the trade.

3d. Grading. Nearly all dealers and some nurserymen sell stock as first and second. Our stock is sold in a specified size to be first class in size mentioned.

NEVER

Give your order to an agent unless it specifies what size and age the trees will be. 90 per cent of the dealers used a heavy medium for No. 1, this does not give an honest firm a chance to compete in price.

4th. Prices. Before placing your order at a less price than we quote, investigate thoroughly, then write us, unless there is a change in the market goods of same grade cannot be sold at a less price than we quote. Should there be a change we will name a price accordingly.

5th. We give this list as near the market as possible. We, however do not bind ourselves to hold at these figures, should prices rise.

6th. Guarantee. Our reputation is sufficient. We will replace or refund purchase price of any goods not true to name but assume no responsibility of damage and all orders are taken with this understanding.

7th. Terms. Our terms are cash or its equivalent. Notes must have the approval of the bank of purchaser and order be approved by said banker before a time order will be booked.

8th. No special agreement with our agents will be considered unless plainly written on the order.

9. Packing is free when cash accompanies order otherwise sufficient charge to cover cost of material only.

Prices and Terms of Sale.
